Dear Professor Simini,

Thank you very much for submitting a proposal to host the 2024 (18th) 3-D Analysis of Human Movement Symposium in Uruguay!

We had two strong proposals, all of which we consider would have been viable and stimulating. I am pleased to tell you that the executive committee of 3DAHM was unanimous that your proposal is the strongest. We would therefore like to invite you to host the meeting.

I'd be grateful if you could confirm that you accept this invitation by the end of July.

Please do contact me though if there is anything you would like to clarify before making a final decision.

In accepting to host the meeting you will also be accepting to become a member of the executive committee of the 3DAHM Technical Group of the ISB from now until the end of the Symposium in 2026 (venue not yet known), and President from the end of the Tokyo Symposium through to the end of the Uruguay Symposium.

I do hope you'll accept this invitation and look forward to working with you in future.

Sincerely,

Yoshi Kobayashi
